PS54VDC72W-EU

54VDC 72W Output Power Supply with EU wall plug

Overview

KGS Fire & Security's wide range of power supplies provide solutions for all the majority of various applications. Available in wall format with adaptors, KGS Fire & Security supplies can be used with all major power plugs. Solutions include both in wall and “power brick” configurations. Switching supplies include advanced technology and power savings, meeting Level V (5) International Efficiency in compliance with California Energy Commission, Energy Star and the EU Code of Conduct for external power supplies. Supplies can be mixed and matched to a variety of KGS Fire & Security products to meet installation requirements.

Details

- CE approved
- UL approved
- CSA approved
- Compact power supplies for use with PoE Switches Media Converters
- Low voltage outputs
- Models for Europe and UK region
- In line power supply

PS54VDC72W-EU

54VDC 72W Output Power Supply with EU wall plug

Technical specifications

Output

Power output voltage	54 VDC

Electrical

Mains input	90 to 264 VAC 47 to 63 Hz
Power plug type	EU, Jack
Current	1.33A
Type	In Line

Physical

Physical dimensions	49 x 115 x 30 mm
Net weight	204 g

Regulatory

EMC	CISPR 22 Class B
EMC	EN55022 Class B
EMC	EN61204-3 Class B
EMC	FCC parts 15 Class B
BSMI : EMS requirements	EN55024
BSMI : EMS requirements	IEC-61000-4-2
BSMI : EMS requirements	IEC-61000-4-3
BSMI : EMS requirements	IEC-61000-4-4
BSMI : EMS requirements	IEC-61000-4-5
BSMI : EMS requirements	IEC-61000-4-6
BSMI : EMS requirements	IEC-61000-4-8
BSMI : EMS requirements	IEC-61000-4-11
Safety Requirements	IEC 60950
Safety Requirements	UL 60950-1TUV
Safety Requirements	Efficiency Level IV
Regulation Compliance	FCC Part 15
Regulation Compliance	CE
Safety	cUL
Safety	UL
