OMD Mk7 remote display Modbus connector

Product overview

The connector is used to connect the user supplied Modbus cable between the OMD Mk7 remote display unit and a control unit without the need for additional interconnections.

The connector is supplied with sealing gasket to ensure an IP32 seal when fitted to the remote display unit.

Details

- Connector mates with the Modbus connector on the OMD Mk7 remote display unit
- Allows termination of a single cable between the remote display unit and a control unit
- Suitable for cable diameters between 3.5 and 7 mm
