

BS134N

Sealed Lead Acid Battery - 12 V - 36 Ah

Details

- Maintenance free
- Lead-Calcium grid for extended life
- Wide operating temperature range
- Usable and rechargeable in any position
- Low self-discharge and long service life
- Leakproof construction
- High discharge rate capacity

BS134N

Sealed Lead Acid Battery - 12 V - 36 Ah

Technical specifications

General

Product type	Sealed lead acid battery
--------------	--------------------------

Electrical characteristics

Nominal voltage	12 V
Nominal capacity	36 Ah

Charge / discharge

Max. charge voltage	15 VDC
Max. charge current	10.8 VDC
Max. discharge current	540 A

Physical

Physical dimensions	197 x 131 x 180 mm
Net weight	10.7 kg
Shipping weight	10.7 kg
Colour	Black
Material	ABS

Environmental

Fire retardant	No
Vandal proof	No

Regulatory

Compliance	CE, RoHS 2, WEEE
Certification	VdS
